

COMMUNITY **FIELD TRIP** AWARD

PROJECT: **AQUARIUM TRIP**

GOALS

A. **AQUARIUM TRIP**

B. AQUARIUM CHALLENGE: Complete two challenges.

A. **AQUARIUM TRIP**

Aquatic life provides glimpses into a whole other world—where mysterious creatures of every shape and size exist. At the aquarium you might see a jellyfish, sea otter, shark, tropical fish or electric eel. These wild creatures show God’s creativity! Enjoy visiting the local aquarium with a friend or family member.

Aquarium Listings

- fishchannel.com/fish-community/public-aquariums.aspx
- museumsusa.org/museums/

B. **AQUARIUM CHALLENGE**

Choose one of the options below to do while you are in the aquarium.

- Take pictures.
- Play “I Spy” in a large aquarium tank.
- Look for the oddest camouflage on a creature you can find.
- Play the “Alphabet game.” (Look for fish or creatures that with A and working your way to Z!)
- Narrate a pretend “nature show” as your view each sea creature. Use the informational plaques to make commentary. Try out a fake “narrator” accent.
- Try to mimic fish faces (for example: try the bass fish).
- Identify the largest and smallest creatures at the aquarium.

RESEARCH MORE

- parents.com/fun/vacation/us-destinations/10-best-aquariums-for-kids
- Go to your local library and find books on your fish and aquatic life.
- *The Magic School Bus: On the Ocean Floor* by Joanna Cole
- Talk to any available trainers or naturalists about specific creatures.

My child has successfully completed the Project Goals for the topic—Aquarium Trip.
