Actual Size

Match up hardware with diagrams shown below

Description and Size	Qty
 <p>Metal Disc used for adjusting the balance on stool legs</p>	6
 <p>Medium Bolt</p>	4
 <p>Medium Bolt w/lock nut</p>	4
 <p>Large Bolt w/lock nut</p>	4
 <p>Small Bolt with Metal Sleeve</p>	8

Parts List

Qty	Description
1	Thick Foam Padded Seat
1	Swivel (with top & bottom offset)
1	Chrome Valance
1	Chrome Plated TOP Leg with Glides
1	Chrome Plated BOTTOM Leg with Glides
1	Large Chrome Plated Ring
1	Small Chrome Plated Ring
2	Allen Keys
1	Wrench

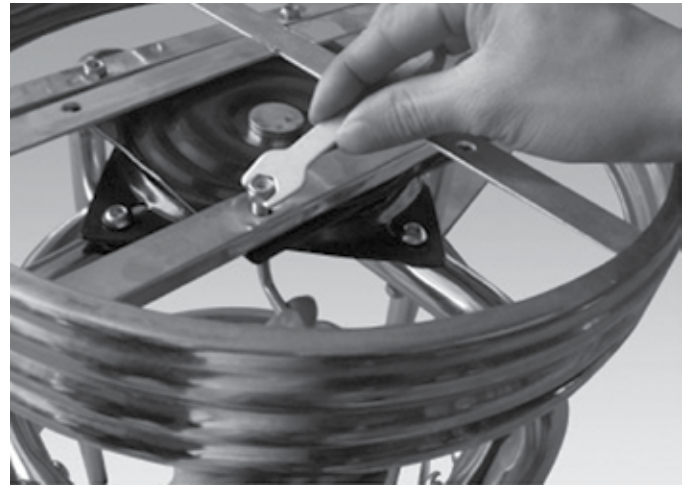

Step 1: Place the two bar stool legs together as shown in the photo.

Step 2: Slide the larger ring over the legs and align the holes. Insert metal sleeve and secure with small bolt. Place the smaller ring inside of the legs as shown. Align the holes, insert metal sleeve and secure with small bolt. Tighten all bolts securely.

Step 3: Place swivel on top of legs and align holes. Insert medium bolts and screw on lock nuts securely.

Step 4: Place the chrome valance seat on top of the swivel plate and align holes. Insert large bolts and screw on lock nuts securely.

Step 5: Turn bar stool upside down and place on top of seat pad aligning holes. Insert medium bolts and tighten all bolts securely.

Step 6: Double check all nuts and bolts for tightness. For proper leveling, remove rubber cap and insert supplied metal discs, as needed.

Warranty:

Free replacement of any part that fails within one year from date of purchase, excluding shipping costs. Void if damaged by misuse, accidents, alterations, failure to follow instructions, fire, flood, and acts of God.
