## ➤ Thule Caravan Light

Light and simple

The Thule Caravan Light has been developed to exceed basic needs. The new foam prevents the bike from being damaged during transport. The new wheel and bike holder straps make it easier to fix the bikes.

**Partly tiltable, bikes need to be taken off to access storage space.**

### LOAD INFO:

- 2 bikes
- Weight: 4.7kg
- Max. loading weight: 40kg
- Max. loading weight per rail: 20kg
- 306598

## ➤ Thule Caravan Superb

Superb stability

### Designed for E-bikes

Thule Caravan Superb is strong enough to carry 2 E-bikes as standard. The low platform gives a better center of gravity. It's more safe to drive, and much easier to load your bikes.

### Equipment

Will come as standard:

- Bike holders with integrated locks
- Thule adjustable Tilt-Stop system
- Completely tiltable with bikes on

### LOAD INFO:

- 2 bikes, extendable to 3
- Weight: 9.7kg
- Max. loading weight: 60kg
- Max. loading weight per rail: 30kg
- 307130

---

## ➤ Thule Caravan Superb - Short Version

Perfect for short A-frames

### Designed for E-bikes

Thule Caravan Superb Short Version is strong enough to carry 2 E-bikes as standard.

### Equipment

- Bike holders with integrated locks
- Thule adjustable Tilt-Stop system
- Completely tiltable with bikes on

### LOAD INFO:

- 2 bikes
- Weight: 9.5kg
- Max. loading weight: 60kg
- Max. loading weight per rail: 30kg
- 307181

## ➤ Thule Caravan Smart

### Smart features

#### Safe and easy platform lock

To secure the bikes and the carrier during transportation, Thule has developed a new innovative platform lock. The tiltable platform automatically returns to its initial position and easily locks onto the base frame without any loose parts.

#### Equipment

Will come as standard:

- Bike holders with integrated locks
- Thule adjustable Tilt-Stop system
- Completely tiltable with bikes on

#### LOAD INFO:

- 2 bikes
- Weight: 8.9kg
- Max. loading weight: 50kg
- Max. loading weight per rail: 30kg
- 307129

---

## ➤ Thule Caravan Superb and Thule Caravan Smart

#### Adjustable Tilt-Stop system

The Thule Caravan Superb / Short Version and Thule Caravan Smart are completely tiltable with bikes on providing easy access to the front locker of the caravan. Thanks to the adjustable Tilt-Stop system the maximum angle to tilt the bike carrier can be set as you please.

**Easy & safe**

The locking mechanism of the tiltable platform has been improved. The platform automatically returns to its initial position and easily locks onto the base frame without any loose parts.
