### Specifications

- Awning tent with a high quality canopy
  - + Light weight tent fabric : Strong Ripstop polyester, polyurethane coated (5000mm) for rain protection
  - + One colour combination fits the different Thule awning fabric finishes
- Super fast and modular installation (see page: installation kits QuickFit / EasyLink)
  - + Fits the awning structure : no additional fixation poles needed
  - + Fits caravans with all roof mounted awnings : in the original caravan rail
  - + Fits a Ducato H2 van only with a 6200 awning: Special tentmodel in combination with the optional 6200 awning fixation rail: 307050
  - + Fits motorhomes with a 6200/9200 roof awning with the optional Awning Fixation Kit TO 6200/9200
  - + On RV's with all wall mounted awnings: in the optional wall awning fixation rail or for the 5200 with the led mounting rail TO 5200: 307205/307206
  - + Front panels with integrated left and right door
  - + All panels can be completely removed
  - + Large panoramic windows
  - + Integrated curtains that can be closed with a zipper
  - + Side windows are equipped with a mosquito mesh and can be closed with a transparent window
  - + A double roof is created by suspending the tent below the cassette awning. It creates a better ventilation and insulation.
  - + Permanent ventilation openings to reduce condensation
  - + Hook at the centre of the roof to attach a lamp or other accessories. Can only be used with a rafter.
- Included:
  - + Complete tent with tent poles for the canopy
  - + Windslip and wheelcover
  - + Connection pieces to the awning
  - + Pegs, pins and elastics
  - + Packed in a Thule sport bag (35x35x70cm)
  - + Manual
