ULTIMA SERIES™ GYM FLOOR COVERS

DISTINCTLY SUPERIOR GYM FLOOR COVERS

COVERMASTER® ULTIMA SERIES™ covers are manufactured using the knife/spread coating process. Knife/spread coating literally coats the woven polyester core with liquid polymer to produce various weights of covers, depending on the amount of polymer. The knife applies the polymer under pressure thereby fully saturating the core's weave to produce a single, totally integrated material after cooling. Because the coating cannot separate from the core, knife/spread coated materials are more durable and maintain their appearance, even under frequent use.

While some companies simply offer covers by weight, we believe that better surface protection means better performance. That is why our ULTIMA SERIES™ far exceeds any other cover available. Made from the highest quality components, the ULTIMA SERIES™ Gym Floor Covers are safer and more durable than a 3-ply laminated or extruded fabric. In terms of chemistry, the compound consists of a proprietary mixture for greater compound performance; the highest performing lightfast pigment for superior color stability; quality resins for a stronger performing polymer compound; and required additives for flame and anti-fungal resistance.

Additionally, we finish each ULTIMA SERIES™ cover with its own unique certified ADA-compliant anti-slip decorative pattern. Not only does this create a safer surface to walk on for all patrons, but it also enhances the appearance of any room. While competitive models are simply standard tarps that look as such, the ULTIMA SERIES™ covers create an elegant setting for any event. No other company puts as much research, time and effort into creating better Gym Floor Covers than COVERMASTER®. The result of this effort is the ULTIMA SERIES™.

A HEAVY DUTY, EXTRA THICK, EXCLUSIVE RIPPLE PATTERN, SLIP RESISTANT COVER

- High wearing, decorative, anti-slip ripple patterned top surface
- Thick outer wear coatings
- Superior tear resistance
- Can be used either side up
- Designed for high frequency use
- Suitable for any event
- In single or dual color combinations
- ADA compliant, anti-slip friction co-efficient rating of 1.80

For the ultimate in protection, COVERMASTER® offers ULTIMA 5000™. It's our thickest, most durable cover with a slip resistant surface. This superior model offers incomparable protection against possible damage from high heels, chairs, table legs and other abrasive items. One touch and you'll be convinced. Nothing else compares.

THREE STANDARD DUAL COLOR COMBINATIONS*

OPTIONAL COLORS FOR CUSTOM SINGLE AND DUAL COLOR COMBINATIONS*

Note: Due to limitations in printing and material dyes, the colors shown may vary slightly from actual cover *In addition to the above shown colors, a custom color matching service to coordinate colors with any decor is readily available. Please ask for details and minimum order quantities for optional and custom colors.

ULTIMA SERIES™ GYM FLOOR COVERS

ULTIMA 4000™

A HEAVYWEIGHT, EXCLUSIVE DIAMOND TREAD-PLATE PATTERN, SLIP RESISTANT COVER

- Diamond tread-plate pattern, anti-slip top surface
- Can be used either side up
- Designed for high frequency use
- Suitable for any event
- In single or dual color combinations
- ADA compliant, anti-slip friction co-efficient rating of 0.61

This cover will guard against the rigors of heavy traffic events. Tables, chairs, even stage and sound setups are a matter of course. The desert sand side, with its anti-slip, diamond tread-plate pattern, is best for graduations and commencements, when decor is more important. The darker side is ideal for dances and concerts.

THREE STANDARD DUAL COLOR COMBINATIONS*

OPTIONAL COLORS FOR SINGLE AND DUAL COLOR COMBINATIONS*

Note: Due to limitations in printing and material dyes, the colors shown may vary slightly from actual cover *In addition to the above shown colors, a custom color matching service to coordinate colors with any decor is readily available. Please ask for details and minimum order quantities for optional and custom colors.

ULTIMA 3000™

A DELUXE, HIGHLY DECORATIVE, EXCLUSIVE HOLOGRAPHIC CUBE PATTERN, SLIP RESISTANT COVER

- Exclusive decorative, holographic cube pattern, anti-slip top surface
- Value priced
- Can be used either side up
- Designed for high frequency use
- ADA compliant, anti-slip friction co-efficient rating of 0.66

The twilight gold, holographic cube pattern, slip resistant surface is perfect for more formal occasions because it will give your gym a striking decorative look unlike any other cover. The dark grey side is perfect for any heavy duty event. Strong and durable, the cover meets all requirements to convert a gym for multipurpose use and will stand up to repeated use for years to come.

STANDARD DUAL COLOR COMBINATION

Note: * Due to limitations in printing and material dyes, the colors shown may vary slightly from actual cover.

MASTER SERIES™ GYM FLOOR COVERS

TOP-OF-THE-LINE, INDUSTRY STANDARD COVERS

MASTER 3200™

A HEAVY DUTY, 32 OZ. COVER IN A SINGLE COLOR

- Use either side up
- Designed for repeated, heavy-duty use
- Suitable for all events

This ultra durable, 3-ply gym floor cover is our industry standard, heavy duty model. As such, it is suitable for almost any type of special event such as shows, exhibitions or school dance set-ups, including most staging. The MASTER 3200™ is suitable for use with either side up and can be relied upon for years of regular service in any gym or fieldhouse.

FOUR STANDARD COLORS - Same Color on Both Sides*

MASTER 2700™

A HEAVIER WEIGHT, 27 OZ. COVER IN A SINGLE COLOR

- Use either side up
- Designed for repeated use
- Suitable for all events

This ultra durable, 3-ply gym floor cover combines strength with real economy. Yet it's tough and durable enough to be used with tables and chairs at most non-athletic events. The Master 2700™ can be used with either side up and, even with repeated use, will provide excellent protection for many years.

FOUR STANDARD COLORS - Same Color on Both Sides*

MASTER 2200™

A MEDIUM WEIGHT, 22 OZ. COVER IN A SINGLE COLOR

- Use either side up
- Designed for frequent use
- Suitable for most events

This durable, 3-ply fabric is manufactured with a reinforcing polyester core and an even coating of PVC on both sides. With seams as strong as the cover itself, it will provide many years of dependable service for facilities that require more frequent use.

FOUR STANDARD COLORS - Same Color on Both Sides*

*Due to limitations in printing and material dyes, the colors shown may vary slightly from actual cover

MASTER SERIES™ GYM FLOOR COVERS

MASTER 1800™

A REGULAR WEIGHT 18 OZ. COVER IN A SINGLE COLOR

- Use either side up
- Designed for regular use
- Suitable for most events

This versatile cover is made of a slightly lighter fabric but still in a 3-ply formulation of a polyester core and PVC coating on both sides. With its economical pricing, it will provide good protection for facilities with modest budgets but regular use demands.

EIGHT STANDARD COLORS - Same Color on Both Sides*

MASTER 1300™

A LIGHTER WEIGHT, 13 OZ. COVER IN A SINGLE COLOR

- Use either side up
- Designed for periodic use
- Suitable for many events

Available in a range of single colors, this 3-ply cover will provide economical protection for your gym floor.

The MASTER 1300™ is ideal for those facilities with less regular use.

EIGHT STANDARD COLORS - Same Color on Both Sides*

MASTER 600™

A LIGHT WEIGHT 6 OZ. COVER IN A DUAL COLOR

- Use either side up
- Designed for minimal use

Available in a blue/green color combination, this cover is ideal for lower budget applications or where use is expected to be minimal.

STANDARD DUAL COLOR COMBINATION*

PLATINUM CARPET ROLL SERIES

PLATINUM EASYROLL™ CARPET

PLATINUM EASYROLL™ Carpet is a premium rollable floor covering specifically designed to protect gymnasium floors from damage when being used for non-athletic events. Supplied in custom made 6ft wide rolls, it can be quickly installed & removed using the PLATINUM SERIES COVERMATE® Handling System.

EXCLUSIVE SECURELAP™ Seam System

Easily ROLLED OUT

PLATINUM EASYROLL™ Carpet is comprised of a wood surface friendly bottom fiber, a non-porous inner liner and a 100% Polypropylene yarn surface for optimum protection, performance and appearance.

- Dimension: 6ft (1.83m) wide x Custom Length
- Fire Rating: Title 16 CFR Chapter II, Subchapter D, Part 1630
- Weight: 36.5oz/yd² (1,238 gsm)

FEATURES AND BENEFITS

- PLATINUM EASYROLL™ CARPET is a specially designed, multi-layered carpet that lays flat on the floor.
- It's 3/16" (4.76 mm) thick, providing a cushion against chairs, staging and high heels.
- Sound absorbing capabilities
- LEAKBLOCK™ Core keeps spills off the floor
- It is easy to clean and maintain by the end user or it can be professionally cleaned
- Stain resistant surface - easy to vacuum clean
- PLATINUM EASYROLL™ Carpet sections are easily rolled out and connected with its exclusive SECURELAP™ seam system. Custom lengths are created utilizing Velcro cross seams underneath.

INTRODUCTION OF COVERMASTER ECONO ROLL™

When your budget to cover and protect your gym floor for other uses is tight, COVERMASTER® has the ideal solution with ECONO ROLL™. It not only looks great, but it also provides you with the durability and efficiency you need at an affordable price.

ECONO ROLL™ has a top layer carpet surface that's made from 100% recycled material and a backing that holds it firmly in place. It not only withstands cleaning and chemicals throughout the life of the product, but it's also safe for users and the environment, prevents leaching, and keeps the floor underneath clean and dry.

- Dimension: 6ft wide x Custom Length
- Fire Rating: ASTM E648-06 Class 1
- Weight: 15.5oz/yd² (526 gsm)

Made from 100% RECYCLED MATERIAL

ECONO ROLL™ is a great gym floor carpeting solution for those with budget-minded needs.

FEATURES AND BENEFITS

- Mold, mildew, and fungus resistant
- Inhibits odor-causing bacteria
- Resists stains and is easy to clean
- Dampens sound for improved acoustics
- Installs and removes easily when used with industry leading PLATINUM SERIES COVERMATE®.
- Lightweight, compact, and easy to store
- Includes top seaming velcro
- Top surface manufactured from 100% post-consumer recycled polyester

PLATINUM CARPET TILE SERIES

PLATINUM COVERTILE™ CARPET

To protect your gym floor from damage during non-athletic events such as banquets and graduations, COVERMASTER® introduces PLATINUM COVERTILE™. Constructed of heavy-duty fiber and Polyolefin Plus backing, these thick protective tiles feature a sturdy rolled PVC backing that assures tiles lay flat throughout years of events and activities.

The 39 $\frac{3}{8}$ in (1m) x 78 $\frac{3}{4}$ in (2m) tiles make installation, removal and storage an easy task for staff.

This high-performance, portable floor cover system incorporates easy alignment, quick installation and reduced storage requirements. Unique features include non-marking Polyolefin Plus backing, a highly stain resistant surface and excellent sound absorption.

FEATURES AND BENEFITS

- Giant-sized tiles protect gym floors while providing a multi-purpose temporary flooring
- Long-lasting colors, attractive appearance
- Superior tear resistance
- Polyolefin Plus backing protects gym floor
- Lightweight and easy to handle: quick set up and breakdown
- High-quality fiber and backing: fully recyclable
- Custom designed storage/handling cart (See page 14)

PLATINUM COVERTILE™ is comprised of Polyolefin Plus backing and 100% Polypropylene yarn surface for optimum protection and performance.

Protect all your sports floors during events with our giant carpet tiles. With COVERTILE™, you will be free to organize a non-sporting event with peace of mind! They not only protect your sports floor, but also improve the acoustics and aesthetics of your event.

MULTI-PURPOSE EVENT

Advanced Technology

- Innovative textile fibers designed to withstand heavy use
- Odorless white backing, unique on the market, leaving no trace on your sports floor
- Fire safety (Bfl-s1 fire certificate)

Easy Cleaning

- A simple vacuum cleaning or jet washing when necessary is enough
- A stained or damaged tile? No worries, just replace it with another one

PLATINUM CARPET TILE SERIES

FACILITY UTILIZATION

Today, sport halls and gyms are very regularly used to host non-sporting events such as concerts, shows, exams, festivals, events, weddings, and parties. It is therefore essential to protect sports floors from all the hazards that can damage them, such as scratches caused by the feet of chairs, high heels, stains caused by spilled food, and falling objects. These sports halls are fragile and represent a significant investment for communities.

COVERMASTER® OFFERS YOU AN EASY AND EFFECTIVE SOLUTION FOR PROTECTING YOUR SPORTS FLOORS WITH COVERTILE™ CARPET TILES:

QUICK AND EASY INSTALLATION

- No need for skilled staff
- 4 people can cover 800 sqm in one hour
- Large tiles: 1 x 2 m
- Self laying tiles, requiring no glue or adhesive to avoid damaging your sports floor
- Easy-to-cut tiles if necessary
- Specially adapted transport trolley

EFFECTIVE PROTECTION OF SPORTS FLOORS AGAINST ALL SHOCKS, STAINS AND DAMAGES DUE TO:

- shoes
- furniture
- spilled food and liquids

COMPACT WAY TO STORE GYM FLOOR TILES

GYM FLOOR CARPET RUNNERS

GET YOUR FLOORS READY FOR GAME TIME

We are now proud to offer our GYM FLOOR RUNNER PRODUCTS to help protect and support the game time use of your gymnasium floor surface. Use Gym Floor Runners by COVERMASTER® to help create safe, protective paths in the player bench, spectator and surrounding areas. These covers provide a barrier against damage caused by chairs, bench setups, shoes and additional pedestrian traffic when games are being played on your surface. They will significantly reduce the amount of damage to your gym floor and will help to minimize annual

maintenance costs, providing a long-term benefit to your facility. COVERMASTER® brings you over 50 years of sports surface protection experience and can offer to you the most comprehensive selection of high quality gym floor runner and handling systems.

TYPES OF FLOOR RUNNERS:

- Carpet Roll or Vinyl Rolls (Heavy Weight, Medium Weight and Light Weight)

AVAILABLE ROLL SIZE

- Carpet: 3ft, 4ft and 6ft (0.9m, 1.2m and 1.8m) widths by various lengths
- Vinyl: 5ft width by various lengths

PLATINUM EASYROLL™ CARPET RUNNERS

GYM FLOOR CARPET RUNNERS

The PLATINUM EASYROLL™ RUNNER is unique insofar as it looks like a traditional gym floor runner but boasts all of the protective capabilities of the PLATINUM EASYROLL™ RUNNER. Chairs, benches, and score table setups are all necessary for your game to run smoothly, but pose a risk of damaging your gym floor. The PLATINUM EASYROLL™ RUNNER is the perfect solution to this problem, as it acts as a protective barrier between these hazards and your most valuable asset. Its SOFTBACK™ bottom layer is specially designed to prevent scratching, and its non-porous inner LEAKBLOCK™ Core means that spills in the bench area will not reach your floor. On top of all of this, the PLATINUM EASYROLL™ RUNNER cleans players' shoes, thereby reducing slips on the court and helping your team perform their best.

KEY FEATURES:

- Standard sizes of up to 6ft wide (custom sizing available on request)
- 3/16" thickness for maximum floor protection
- Stain resistant surface - easy to vacuum clean
- Reduces damage to your gym floor, thereby minimizing annual maintenance costs

AVAILABLE CARPET COLORS:

SMOOTH TOP SURFACE

RIPPLE TOP SURFACE

Graphite

GYM FLOOR CARPET RUNNERS

MASTER INLAY™ LOGO MATS GYM FLOOR CARPET RUNNERS WITH LOGOS

The players and playing surface are the two most important assets in any game. Effectively protect your gym floor from damage with gym floor cover runners for your sidelines. These ADA compliant carpet runners prominently feature your logo, while creating a moisture-wicking and slip-resistant barrier that absorbs sweat and reduces dust. This means that these runners will provide better traction for players, improving safety, while at the same time protecting your gym floor from damage from chairs and foot traffic!

KEY FEATURES:

- 100% UV Stabilized solution dyed polypropylene fiber
- Extremely durable and coarse fiber blend resists crushing and extends life span
- Stain, Mold and Mildew Resistant
- Easily Cleaned
- “Pure Performance” Rubber backing makes sure your facility protection sits and stays
- 37 oz Face Weight

OPTIONAL LOGOS:

- 4'X4' Custom Logos Available at Either End

SIZES AVAILABLE:

- 4ft (1.2m) width by various lengths, maximum length is 50ft (15.24m)

AVAILABLE CARPET COLORS:

MASTER PRINT™ LOGO MATS GYM FLOOR CARPET RUNNERS WITH LOGOS

With virtually unlimited color combinations, these 3/8” thick design print mats with a slip-resistant nitrile rubber backing are perfect for use in high traffic entrances, lobbies, reception areas, service counters, and so much more! Available in a wide variety of sizes, this mat can fit even the most modest of budgets. Even better, the jet printing process allows for highly detailed and colorful logos to be printed directly onto your mat, expanding your branding opportunities throughout your facility!

SIZES:

- Available in 3', 4', 5' and 6' (0.91m, 1.22m, 1.52m and 1.83m) widths by various lengths

CARPET COLORS:

- Wide range of designer carpet colors. Ask about our Pantone Matching System, or visit covermaster.com for more details.

EXPAND YOUR BRANDING OPPORTUNITIES

JET PRINT TECHNOLOGY PERMANENTLY INJECTS DYES DEEPLY INTO THE PILE TO PRODUCE COLORFUL LOGOS

GYM FLOOR COURT PROTECTORS

PRO-FLOOR™ COURT PROTECTORS

If you want to give your basketball court a truly professional feel, while at the same time protecting your gym floor, then the court protector is for you! Its layered construction combines a durable non-slip base with a clear PVC top layer to protect both your floor and the court protector's design simultaneously. Acting as a barrier between your floor and chairs, for instance, the court protector effectively prevents scratches and wear from constant sideline traffic. For a quick and easy clean after the game, simply scrub with soap and water. Featuring multi-color imprinting on the underside of the PVC for full protection, this court protector truly elevates any basketball court!

SPECIFICATIONS:

Material: 100% Heat Set Nylon

Style: Jet Print Technology injects dyes deeply and permanently into the pile to produce colorful logos

Backing: Slip-resistant Nitrile Rubber

STANDARD SIZES:

- 2ft x 3ft (0.61m X 0.91m)
- 3ft x 4ft (0.91m X 1.22m)
- 3ft x 5ft (0.91m X 1.52m)
- 3ft x 10ft (0.91m X 3.04m)
- Thickness: 3/8in
- 4ft x 6ft (1.22m X 1.82m)
- 4ft x 8ft (1.22m X 2.44m)
- 5ft x 6ft (1.52m X 1.82m)
- 5ft x 8ft (1.52m X 2.44m)

GYM FLOOR VINYL RUNNERS

We are proud to offer our GYM FLOOR RUNNER PRODUCTS to help protect and support the game time use of your gymnasium floor surface. Use Gym Floor Runners by COVERMASTER® to help create protected floor paths in the player bench, spectator and surrounding areas. These covers provide a barrier against damage caused by chairs, bench setups, shoes and additional pedestrian traffic when games are being played on your surface. They will significantly reduce the amount of damage to your gym floor and will help to minimize cleanup.

- Model 300 - Standard
 - Model 500* - Heavy Duty
- *Recommended for covers over 2500lbs (1134kg)

22V CORDLESS POWERMATE™ WINDER

- Power assists in rolling up cover sections
- Eliminates hand cranking of cover
- Forward/reverse switch
- Makes an easy job even easier
- Lighter, more compact design
- Storage/carrying case included
- Li-Ion 22v battery

Charger:

- 110-240 Volt - 50HZ 90W
- North American Plug (Plug Adapter May be Required for Other Countries)

HAND-HELD TAPE DISPENSER

A heavy-duty model that stands up to frequent use. The special, ergonomic handle allows a steady grip to facilitate continuous application of the tape more easily and the heavy gauge frame will not twist under pressure. New rolls load quickly.

COVERTAPE™ SEAMING TAPE

This extra strength, transparent COVERTAPE™ is made of a special formulated material that makes it easy to apply on the cover and easy to remove after the event. It leaves no sticky residue. Use of tape on overlapping cover sections is recommended to reduce the risk of tripping and to minimize spilled liquids reaching the hardwood floor.

COVERMATE® STORAGE COVER

This attractive storage cover keeps your COVERMATE® system and the gym floor cover clean and ready for the next event. It also discourages unauthorized use.

AVAILABLE WITH OR WITHOUT GRAPHICS

WALK-BEHIND TAPEMATE™

- A practical, easy-to-use, walk-behind tape dispenser
- Made of heavy gauge steel
- Front wheel applies tape as you walk it along
- Ergonomically designed
- Swivel handle naturally adjusts to a person's height
- Applies tape more quickly and easily than by hand
- Drop-in-place tape support for fast roll changeover

GYM WALL PADDING

PROVIDES A SAFETY ENVIRONMENT / ENHANCES FACILITY APPEARANCE

COVERMASTER® protective padding products are important elements of the safety environment of gymnasiums, student activity areas, wrestling rooms or anywhere there is potential for participant injury due to wall collision. Our protective padding will also enhance the appearance of your facility and has the added benefit of sound deadening and noise control.

The addition of logos, letters, and FULL Graphics to wall padding can make a bold statement in any gym, arena, or stadium. COVERMASTER® offers the widest variety of graphic styles to choose from. Now, the only limitation is your imagination!

FEATURES:

- Provides player protection for gymnasium impact areas
- Easy to Install
- Improve the appearance of your facility
- Vinyl enclosure meets Fire Retardancy Standards
- Custom designed wall pads, column pads or cut outs are available upon request

Orange	Purple	Red	Royal Blue	Tan	White	Yellow

*Due to limitations in printing and material dyes, the colors shown may vary slightly from actual padding

GYM WALL PADDING

PROVIDES A SAFETY ENVIRONMENT / ENHANCES FACILITY APPEARANCE

INSTALLATION TYPES

PLYWOOD BACKED WALL PADS

Plywood backed pads are permanently mounted to the wall with a standard 1" (2.5cm) lip at the top and bottom for easy installation. Pads are most commonly 2' (0.6m) wide by 5' (1.5m), 6' (1.8m) or 7' (2.1m) high. Custom sizes and Optional Aluminum J-Channel are available.

SEWN WALL MATS - GROMMETS

Sewn wall mats are vinyl enclosed and can be made in any size up to 4' x 6' (1.2m x 1.8m). An integral vinyl flap on the top and bottom of the pad has grommets to allow for easy installation and removal, and can be installed with either screws or hooks. Custom sizes are available.

"Z" CLIP MOUNTING SYSTEMS

This system makes it easier to install and remove plywood backed wall pads. The top 1" (2.5cm) lip has been replaced by the Z Clip Mounting System. This mounting system eliminates any unsightly mounting hardware or trim at the top of the pad for a clean smooth look. Individual panels are easily removed for future service or vinyl repair.

SEWN WALL MATS - VELCRO

Pads are used in combination with Velcro hanging rails to make mounting and removal a breeze. Loop Velcro fasteners are sewn to the backside of the pads for mounting to the Velcro hanging rails, which are mounted permanently to the wall with the appropriate anchors.

CLEANING SOLUTIONS

A PERFECT SHINE - EVERYTIME WITH COURTCLEAN® APPEARANCE

COURTCLEAN®

COVERMASTER® provides the COURTCLEAN® Damp Mop System to keep gym floors in great condition fast. Simple and fun, COURTCLEAN® is the finishing touch for gym floor maintenance.

COURTCLEAN® WITH TOWEL

START-UP KIT

(4 towels, 1 gallon Super Shine-All® in a 5 gallon mixing pail)

THREATS TO GYM FLOORS

COURTCLEAN® helps prevent damage to your playing surface caused by:

• DIRT, DUST, GRIT AND SAND

These elements can cause serious damage to hardwood floors. A full team running on a dirty surface acts as sandpaper that wears away the floor's shiny finish.

• WATER AND OTHER SPILLS

Liquids can cause dangerous slipping situations, damage the finish of the floor over time.

• FIXTURES/STANDS

Contact points can damage the surface of your gym floor. Platforms, speakers, fixtures and seating can also cause scuffs on the floor's finish. Use of a COVERMASTER® protective gym floor cover is highly recommended.

COURTCLEAN IN USE

DISINFECTANT VINYL COVER CLEANING SOLUTION

MRSA* DISINFECTANT CLEANER is a concentrated no rinse cleaning solution that is a neutral disinfectant to clean COVERMASTER® vinyl gym floor covers.

*METHICILLIN - RESISTANT STAPHYLOCOCCUS AUREUS

CLEANMATE® ANTI-STATIC CLEANING SOLUTION

CLEANMATE™ is a concentrated anti-static cleaning solution that is specially formulated to clean and condition COVERMASTER® vinyl gym floor covers.

SUPER SHINE ALL®

SUPER SHINE-ALL® is a concentrated, neutral pH formula that cleans deep and helps preserve and protect any gym floor finish.

SPONSORSHIP REVENUE / EFFECTIVE SEATING CONTROL

SEAT COVERS

COVERMASTER® Seat Covers can generate extra advertising revenue and solve the problem of excess/empty seating capacity. Whenever an arena finds it desirable to camouflage unsold capacity or control spectator traffic, our custom designed seat covers are the answer.

Since each event has different seating requirements, COVERMASTER® seat covers allow you to adapt your seating capacity to match the event. As they are custom made, they can be used to display team logos and pennants, or generate revenue as an advertising medium.

FEATURES AND BENEFITS:

CROWD CONTROL

Seat Covers will help prevent spectators from using unassigned seats.

MAINTENANCE

With fewer seats exposed to spectators, facilities can save on housekeeping costs before and after events.

SPONSORSHIP

Seat covers can be used to generate additional advertising revenue.

SECURITY

Controlled access of seating areas allows you to tailor your security on an event basis.

FULL HOUSE

During certain events you may want to cover distant seats or seats with obstructed views. In addition, you can cover unused seats to give the impression of a full house.

CUSTOM DESIGN

All COVERMASTER® seat covers are custom designed and made to suit your specific requirements.

AREA SEATING CONTROL

THE COVERMASTER® STORY

When it comes to any kind of sports surface, COVERMASTER® is proud to be the first choice for protection. Gymnasiums, ice arenas, stadiums, outdoor sports fields, tennis courts... even golf courses and equine facilities... for more than 50 years, COVERMASTER® has been leading the industry with cover solutions that both protect and increase the versatility of athletic venues worldwide.

Products from COVERMASTER® can convert sports centers into revenue-generating, multi-purpose facilities. Our unparalleled range of gym floor covers are easy to install and remove, slip-resistant, and durable. While other companies offer surface protection as a sideline business, we make it our specialty.

We supply innovative products made from the highest quality materials and provide unmatched customer service. That's what makes our lineup the preferred choice among discerning facility professionals around the world. In fact, 90% of National Football League teams, 90% of Major League Baseball teams and 85% of Major League Soccer teams are using one or more COVERMASTER® covers on their fields.

With our online ordering system, facility managers have an easy, 24/7 way to shop for standard items, request a quote on specialized options or receive a free sample.

Explore our ever-expanding selection of supporting products including spot covers, windscreens, seat covers, indoor and outdoor wall padding and temporary roadways. As well, our printing capabilities that are ideal for everything from custom team graphics to sponsor advertising.

Whether it's a new gymnasium floor, turf, ice, or dirt, COVERMASTER® solutions are your best choice for premium, cost-effective protection and long service life.
