Planting God's Word

After planting a coconut palm tree, it takes years before the fruit finally comes. Then everyone celebrates because the fruit gives life and strength to their bodies. Translating the Bible is like that. It takes a lot of time and effort, but it offers eternal life and strength to people everywhere!

Place the "Bible translation steps" in the order that makes sense to you.

1. Decide where to go. Assemble the team.
2. Create an alphabet. Write a draft.
3. Teach people to read. Revise the draft.
4. Use God's Word. Make final changes.
5. Print the new Bibles. Celebrate together!

Greek New Testament

The New Testament was written in Greek, the common language spoken by people in many areas. God wanted as many people as possible to understand the Bible.

God's Spirit guided people to gather the inspired books together.

Some people call the collection of books "the Canon." Canon means "measuring stick." Each book was carefully measured for quality and authenticity before it was included in the Bible.

Scholars carefully examined each book—to be sure it belonged in the collection.

Use this alphabet to write your name in Greek!

Does the Bible Have Mistakes?

SECRET SCROLLS

Mount Parker is only a few miles away from our village.

After it erupted last time, this lake was formed inside the crater.

Hey look at the cave over there!

It's about time we got close to a volcano!

Long ago, scribes hid copies of the Bible in caves like that.

Scribes who lived in Qumran near the Dead Sea loved God's Word. When Roman soldiers marched in, the scribes hid their precious scrolls inside clay jars in nearby caves. The scrolls were forgotten for nearly 1,900 years.

Forgotten Scrolls

In 1947, a Bedouin shepherd boy named Juma picked up a rock and threw it into a cave. He heard a loud crash inside. Juma soon discovered a very important archaeological treasure!

Archaeologists found over 600 scrolls in eleven different caves. Most of the scrolls were books of the Old Testament.

After years of research, scholars agreed that after one thousand years of copying and recopying, the words in our Bibles today were nearly identical with those in these old scrolls.

Compare the two drawings. Circle things that have been added or changed on this page.

14

My Volcano Adventure—Disciple Guide Answer Key—Lesson 4

Faithful Scribes

For centuries, carefully trained scribes made exact copies of each Bible book.

They knew the Bible was so special that no one should ever change it.

To keep from making mistakes, scribes followed very strict rules.

RULES

- 1 When a scribe began work, he said, "I am now copying the holy Word of God."
- 2 Before a scribe wrote each word, he repeated that word aloud two times.
- 3 Before a scribe wrote God's name, he stood and said loudly, "I am now writing the holy Name of God!"
- 4 When a scribe finished each Bible book, he counted the number of words in his copy and in the original scroll.

Follow the scribes' rules as you copy Matthew 5:18 below.

BIBLE TRANSLATION STEP 2

Assemble the Team

Bible translation is a team effort. Team members often come from different cultures. They might come from a nearby village, or from another continent on the other side of the world! Some team members encounter cultural surprises!

A ...Elderly Gabbra men in Kenya spit lightly on your arm and rub it well? **B** She is being polite.

B ...A Borana girl from Ethiopia turns her face and looks down when speaking to the village elders? **A** You are being blessed.

What's the Bible About?

THE MESSIAH

Let's cool off and rest awhile inside.

This is like the caves where scribes hid the ancient scrolls.

The Qumran scribes lived near the Dead Sea. They believed God's promises to send a great prophet, a high priest, and an anointed king to lead His people.

Draw a line from each stone to the jar that it describes:

KING

PROPHET

PRIEST

The crowd called Jesus, "the prophet from Nazareth" (Matthew 21:11).

Christ offered one sacrifice for sin (Hebrews 10:12).

An angel told Mary that Jesus' kingdom would last forever (Luke 1:31-33).

The Qumran scribes expected three messiahs, but God sent only one.

Jesus filled all three roles—Prophet, Priest, and King.

I want to find out more about Jesus!

BIBLE TRANSLATION STEP 3

Create an Alphabet

Bible translation teams listen carefully and write down all the sounds in a language. They choose symbols from the International Phonetic Alphabet (IPA) for each sound. The IPA has one symbol for every possible sound human beings can make. Translators agree on an alphabet that fits each language.

To translate John 3:16 below, write one English word above each phonetic word. Try to figure out which phonetic symbol represents each English sound.

John 3:16 looks like this in the International Phonetic Alphabet...

For God so loved the world that He
foɪ ɡad soʊ lʌvd ðə wɜrld ðæt hi

gave His only begotten son that whoever
geɪv hɪz ɒnli bɪɡɒtn sʌn ðæt huːevər

believes in Him should not perish but

BIBLE TRANSLATION STEP 4

Write a Draft

After Bible translators create an alphabet for the language, they finally begin translating! But this work is challenging. Some Bible words do not make sense in the new language.

Translation teams spend many hours talking with people about the exact meaning of words and ideas. Some words have different meanings to different people groups. For example, when some English-speaking people say, "That's cool" they mean, "That's good." And children often say, "Sweet!" when they mean, "Good."

Next, they translate simple Bible verses, usually from the book of Luke. Teaching people to read right from the beginning answers many questions before they finish the translation.

STEP 7

Use God's Word
Translation teams don't want Bibles to sit on a shelf and collect dust. They want people to use God's Word. People go to classes that teach them how to study the Bible so they can really use it. Then God can change people to think and act more like Jesus.

Color the picture that shows how using God's Word took away the fear of fireflies.

Many Lama people believed that fireflies bring bad news.

Then, Lama Christians studied God's Word. In the darkness after the lights went out they saw lots of fireflies.

Clarisse thought, "Jesus is stronger than any danger. I will use firefly light to go get a lantern."

The story of how these men translated the Bible into English is amazing!

who spoke English needed a in their own language. John and William invested their lives to translate the into English. began translating the Latin into English in 1378. But leaders did not like what was doing. They were afraid that uneducated who did not understand the would cause problems. The authorities tried to destroy 's work. His followers secretly copied the by hand. Many who read the and listened to it were punished. But 135 years later began a new translation from Greek and Hebrew. The and leaders outlawed the English . It was printed in Germany and smuggled into England inside sacks of grain and cloth.

Every leaf on this tree names a language. Many people are still waiting for a Bible.

Wow, we'll need a big team to finish all these!

It makes me want to help all people get Bibles.

The Bible is more important than I ever realized!

Celebrate Together!

People around the world celebrate the arrival of their new Bibles in many creative ways. Some people wear headdresses and dance around the Bibles. Others spit coffee at them. Others dig a hole in their church floor and remove a lamp from it. No matter how they celebrate, everyone is excited to have a Bible in his or her own language!

Since you already have a Bible in your language, what will you do to celebrate?
