Webinar Sessions

WEBINAR

Differentiated Instruction: Using Discovering Chinese Pro to Flip Your Classroom and Create Engagement

Are you using precious class time to watch students copy notes from the board? Do you want to challenge the advance students while nurturing students who need more scaffolding? Through a sample lesson plan, you will learn to use “Flipped Learning” in your classroom to increase student engagement and promote differentiated learning.

WEBINAR

Creating a Multimedia Classroom: Useful Apps & Tools

This presentation will show you how and why you should create a multimedia classroom. New ways to utilize technological resources with a sample lesson plan will be presented to create an engaging learning environment and increase student motivation.

WEBINAR

Designing Authentic Texts and Using Performance-based Tasks

This session will introduce the global competence standards and discuss frameworks surrounding authentic language teaching and the need for authentic texts.
