## TECHNOLOGIES ®

Aearo Technologies is a one-source supplier of hearing, eye, respiratory, head and face protection, as well as fall arrest equipment and communication headsets.

Sold under the E-A-R, AOSafety, Peltor and AOSafety/SafeWaze brands, Aearo safety products offer a well-earned reputation for quality, selection, dependability and customer satisfaction.

Aearo's nine manufacturing locations worldwide are all ISO certified, as is the automated Indianapolis Global Distribution Center.

Aearo takes pride in leading the industry in new product development and strives to develop meaningful and innovative products that provide solutions for today's workforce.  Aearo's brands are well known for providing personal safety products that are lightweight, comfortable and effective at providing needed protective properties all day long.

Aearo also provides innovative information systems for both its distributors and end-user customers.  Aearo distributors may request access to Aearo's exclusive online extranet site where order placement, order status information, sales literature and an electronic catalog are available.  End-user customers can access **www.aearo.com** to view all brands and product lines, including literature files.
