Valentine
DETROIT
DISTILLING CO.

WINNER

WORLD'S BEST VODKA

WORLD VODKA AWARD, LONDON 2016

VALENTINE VODKA

THE DISTILLING PROCESS

- Christian Carl 35' Double Column Still
- 3 Grain (corn, barley, rye) Mash Bill
- Proprietary Activated Carbon Filtration
- Dilution to 40% ABV, hand bottled

WHAT MAKES VALENTINE'S VODKA UNIQUE?

Creating a world-class vodka leaves no margin for error and every step of the process needs to be refined, then refined again, and refined once more, which is what Valentine has done for the last 10 years. This dedication to the craft of vodka making is exactly what inspires Valentine Distillery to deliver the World's Best Vodka! Valentine's philosophy espouses the belief that *you can make a great distillate, but truly great distilleries know how to make amazing distillate again and again, and that is the distinction between being good and being great.*
