## Weaving Mat

1. Fold construction paper in half and cut half-inch strips along the fold (spaced one inch apart). 2. Fold again about 3.5" from the top and bottom, and cut half-inch strips along those folds as well. 3. Flatten out paper. 4. Weave strips of colored paper in and out of the cut slits.
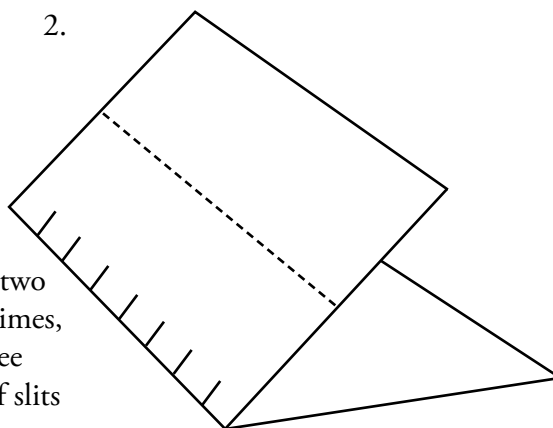

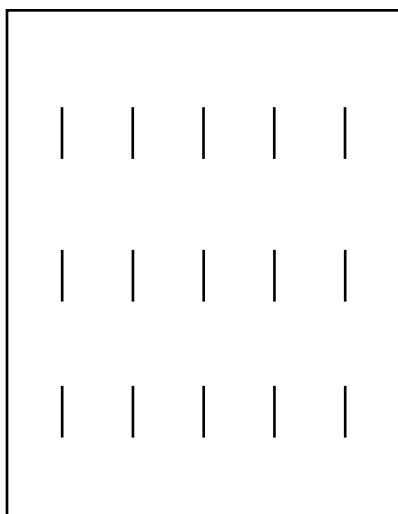

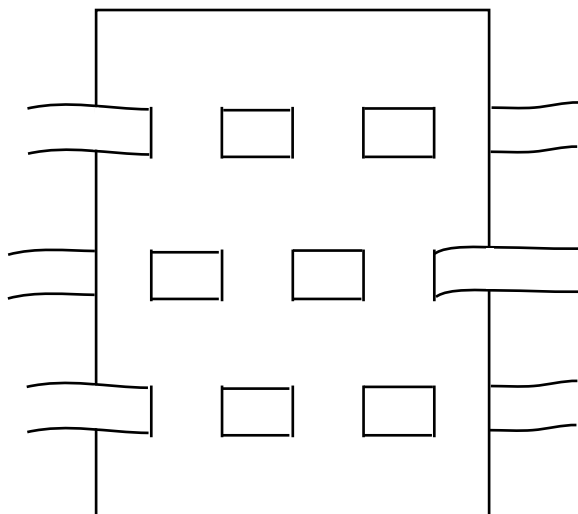

1.

cut along
fold

2.

repeat two
more times,
for three
lines of slits

3.

4.

weave colored strips
through slits
