

DiscipleLand Score Card and Disciple Dollars

Reward your kids for their efforts. Reproduce or adapt the "Scorecard" found on the following pages. Children can earn points to invest in a class activity, to purchase items at a special "DiscipleLand Store," or to earn money towards summer camp. Ask students to fill out Scorecards at the beginning of class. Record points on a chart in the classroom so kids can follow their progress.

Reward children by offering "Disciple Dollars" (found on the following pages) for points they receive each week. Several times during the year, provide a **DiscipleLand** Store where your kids can spend their Disciple Dollars. Fill your store with a variety of items that they would enjoy and appreciate. Be sure to offer items of varying value so that those children who have worked hardest might be rewarded appropriately. Your local Christian bookstore or "dollar store" carry many items that can serve as rewards.
