

Supported Browsers for NetSuite

NetSuite is supported in the following browsers on the following platforms:

Browser	Platform
Internet Explorer 11* ⁽¹⁾	Windows 10 Windows 8.x <i>*except for the OpenAir platform</i> Windows 7 with Service Pack 1 (SP1) or higher
Google Chrome 58 ⁽²⁾	Windows 10 Windows 8.x Windows 7
Microsoft Edge (Anniversary Update and later)	Windows 10 (Anniversary Update)
Mozilla Firefox 60 ⁽²⁾	Windows 10 Windows 8.x Windows 7 Windows Vista Mac OS X 10.6 and newer
Safari 10	Mac OS X 10.10 or newer
For an updated list of supported browsers, visit SuiteAnswers here.	

(1) If you are using Internet Explorer 11, and have difficulty accessing NetSuite, add the website to your security zones as a trusted site. In your Internet Explorer 11 browser, go to Settings > Internet Options > Security > Trusted Sites. Click Sites, and add the wild card https://*.netsuite.com as a website to the zone. Click OK.

(2) New versions of browsers with rapid development cycle (Google Chrome and Mozilla Firefox) are certified one time each quarter. NetSuite recommends that you turn on automatic updates for these browsers to receive the latest security updates.

Notice: Microsoft Edge (Anniversary Update and Later) Supported on Windows 10 (Anniversary Update) as of 2016.2

As of 2016.2, NetSuite supports the use of Microsoft Edge (Anniversary Update and later) on Windows 10 (Anniversary Update).

Notice: Safari 8 No Longer Supported as of 17.2

As of 2017.2, the NetSuite application no longer supports the use of Safari 8.

If you are using Safari 8, Oracle strongly recommends that you upgrade to Safari 10 or switch to another supported browser.

As of 2017.2, NetSuite will not be tested with Safari 8 and support will not be offered for defects specific to Safari 8.

Touch Screen Device Support

Most user interface actions are supported on touch screen devices. However, in rare cases you may encounter minor issues.
